

ARDENT SENIOR LIVING

Lagos Island Day Programme

4-WEEK ACTIVITY & MEAL SCHEDULE

Programme Overview

This schedule is designed for Lagos Island senior day-centre clients attending Monday through Friday. The programme blends culturally engaging activities, gentle physical movement, nutritious locally-sourced meals, and regular community outings to support physical, cognitive, social, and emotional wellbeing.

Daily Time Structure

- 8:00 – 9:00 AM | Arrival & Welcome
- 9:00 – 9:30 AM | Coffee / Tea & Light Breakfast
- 9:30 – 9:50 AM | Daily Announcements & News of the Day
- 9:50 – 10:20 AM | Morning Stretch & Light Movement
- 10:20 – 11:30 AM | Morning Activity
- 11:30 AM – 12:30 PM | Midday Meal
- 12:30 – 1:30 PM | Quiet Time / Rest
- 1:30 – 4:15 PM | Afternoon Activities, Movie & Crafts
- 4:15 – 4:45 PM | Late Afternoon Stretch & Relaxation
- 5:00 – 6:00 PM | Light Supper
- 6:00 – 7:00 PM | Wind-Down & Client Pick-Up

Excursion Note: Pool sessions and Nature Centre visits alternate every other week (Wednesdays). Weeks 1 & 3 = Pool; Weeks 2 & 4 = Nature Centre / Waterfront Walk.

Italic entries in colour = meal suggestions. Activities may be adjusted for individual client needs.

✦ PROGRAMME NOTES & DIETARY GUIDANCE ✦

🍽️ Meal Philosophy

All meals are prepared with senior dietary needs in mind: soft textures, moderate salt and pepper, low oil, and familiar Lagos / South-West Nigerian flavours. Diabetic and hypertension-friendly adjustments are made per individual care plan. Meals are served at appropriate temperatures and clients with swallowing difficulties receive modified textures as directed by care staff.

🏊 Excursion Safety

All excursions require signed consent. Pool sessions: maximum 30 minutes of gentle water movement with a carer-to-client ratio of 1:3. Clients must be medically cleared. Nature Centre / waterfront walks use shaded routes and mobility aids as needed. Refreshments (water, Zobo) are provided.

🌡️ Climate Considerations (Lagos Island)

Given Lagos Island's tropical climate, all indoor activities are air-conditioned or fan-cooled. Outdoor stretches are scheduled in the morning before peak heat. Hydration reminders are built into every activity session. Sun protection (hats, shade) is mandatory for all excursions.
